CUP 4 CUP

GLUTEN free
BUT YOU'D NEVER KNOW IT

CUP4CUP | Founded by Lena Kwak and Chef Thomas Keller, Cup4Cup started as a complete multi purpose gluten free flour blend that successfully replaces all-purpose flour in equal amounts. Made with all natural ingredients, all of the products taste like the real thing—gluten free but you'd never know it!

FLOUR99E/ FLOUR99E1 -NEW- WHOLESOME FLOUR BLEND

Cup4Cup's Wholesome Flour is gluten-free, **dairy-free** and certified non-GMO, but it's the nutrients that are the real star here. Healthy additions like ground golden flaxseeds and rice bran deliver 4g of fiber, 1200 mg of Omega-3 fatty acids and 14 grams of whole grains per serving, making it a healthy and versatile option for cooking and baking. Use it in place of whole wheat flour to add hearty nutrition to your recipes, but don't forget to add a little more liquid or fat when using, as you would with whole wheat flour!
