

DUFOUR PASTRY KITCHENS has been operating in New York for the last thirty years and has been a Bronx fixture since 2007. They have won many awards for their frozen hors d'oeuvres over the years. They hand make everything in small batches using no artificial ingredients ensuring a homemade look and flavor. Dufour was one of the first all-women owned companies in the 80's when it started and women are the owner/operators even to this day. They have a staff of very loyal, long-time employees (which includes a few men). The family feel comes through in the home-style flavor of their all natural products.
