

GRASSLAND DAIRY PRODUCTS

GRASSLAND | Grassland Dairy Products, Inc. has been churning cream into delicious, natural butter for more than a century out of Greenwood, Wisconsin. Established in 1904 by the Wuethrich family, Grassland is ranked as one of the world's largest, family-owned creameries. With the combination of implementing technological improvements and product research and development, Grassland has evolved into one of the most advanced butter producers in the world. Grassland butter comes in several varieties and packages ideal for cooking, baking and table service. For generations, customers have chosen Grassland for its farm-crafted texture, great taste and excellent value.

These bulk items are used by bakeries, or can be used by end-users for baking and cooking.

DABUT8	"AA" Bulk Salted Butter	55 LB
DABUT9	"AA" Bulk Unsalted Butter	55 LB

Foil Chips - Foil wrapped butter chips are gaining in popularity because of appearance and sanitation purposes. Closed packaging allows for convenient portability. In terms of the cut, there are 47 units per pound.

DABUT5	"AA" Butter Chips Foil Salted	17 LB
DABUT6	"AA" Butter Chips Foil Unsalted	17 LB

Butterball® Farms, Inc., is proud to bring the highest quality and most respected butter in the industry to your tables. Butterball® Butter is made from only the finest 93-score sweet cream butter and inspected in a USDA approved facility.

Wüthrich Clarified Butter is formulated with all-natural, World Champion Butter for a full, rich butter flavor. The innovative black tub the product is packaged in, keeps light from reaching the perishable butter. The integrity and quality of our product is maintained at the highest level, 99.9% pure butter without refrigeration, even after opening.

DABUT7	"AA" Premium Round Butter Balls	6 X 3 LB
--------	--	----------

The butter makers churning the Wüthrich 83% European Style are using a century-old family recipe, enhanced with natural flavorings and a culture, creating a butter that is smooth and creamy. This product is lower in moisture, thereby allowing a higher burn point. The high plasticity gives greater lamination and puff for baking.

DABUT10	"AA" Wuthrich Clarified Butter	1 x 5 LB
---------	---------------------------------------	----------

A best selling foodservice item, Grade AA solid butter is used primarily for cooking, soups, baking, and for spreading on toast. With a lesser grade product the grade does not reveal the types of defects which can cause serious problems in the finished product. The problems can include functionality, off-flavors, and excessive shrinkage

DABUT1	"AA" Wuthrich 83% Unsalted Butter	36 X 1 LB
--------	--	-----------

Used for baking or for steak houses who like the flavor of unsalted butter (more commonly referred to in the industry as sweet butter which is unsalted).

DABUT2	USDA "AA" Salted Butter	36 X 1 LB
DABUT3	USDA "AA" Unsalted Butter	36 X 1 LB
