RETAIL CATALOG

A Letter from Baldor

We trace our roots back to the Balducci's days, and the original push-cart business founded by Louis Balducci some 100 years ago in Brooklyn, N.Y. Who could have imagined that he was setting up the foundation for what would become Baldor Specialty Foods today?

We continue to grow and spread our mission of quality you can trust, and service that delivers. Baldor opened its first headquarters in Queens in 1991. After a move to Hunts Point area of the Bronx, our fleet grew from 2 delivery trucks to over 250 in this region alone. In April 2006, Baldor Boston opened in Chelsea, Massachusetts. In April 2012, we raised our flag in Washington D.C., across from the Jessup, Maryland produce market. In 2021, we will open our newest location in Philadelphia, Pennsylvania. Our broad geographical reach makes us a reliable supporter in each local community by buying directly from local farms. Whether you are as far north as Portland, Maine, far west as Bethlehem, Pennsylvania, or as far south as Manassas, Virginia, Baldor can fulfill your everyday specialty food needs.

As a company rooted in retail produce and specialty foods, we understand the logistics and needs of the retail merchant and continue to grow as a retail food supplier. Here you will find many Fresh Cuts value-added items, a grab & go healthy snacking line, and our Urban Roots organic cut vegetables.

From farm to fork, Baldor touches every aspect of the food supply chain. We take pride in manufacturing and distributing safe food products, having outstanding quality, meeting all regulatory requirements, and exceeding customer expectations in a safe environment.

We look forward to growing our business with you.

Sincerely,

Bryan Patmore
Director of Retail Sales

We partner with nature.

In Sunshine, In Soil

To us it's only natural to grow our greens in soil and sunshine. For thousands of years winemakers have understood the importance of terroir, that the complex flavors they strive for are developed by nature, in mineral soils with sun, wind and the elements working their magic. The natural elements that are beyond the control of humans.

The Best of Two Worlds (Like Breakfast & Dessert)

La Fermière offers the best of both worlds: A domestic yogurt direct from Saratoga Springs, NY, created with a decades-old, French family recipe. Made with premium dairy, fresh ingredients, and real cane sugar, La Fermière comes in a variety of year-round and seasonal flavors, like salted caramel, mango passion fruit, and piña colada. And they're all served in our signature pots. *Très mignon!*

DELICIOUSLY PLANT-BASED

SWAP 1:1 FOR BUTTER IN ANY APPLICATION

MADE FROM PLANTS

We love our planet! All ingredients are plant-based and not of animal origin. Wrapped in plastic-free paper.

A BETTER PLANT BUTTER

PERFORMANCE AND TASTE

1:1 swap for dairy butter in all recipes without sacrificing flavor – ideal for cooking, baking and finishing. Heat stable and a higher smoke point versus butter.

Visit baldorfood.com/farms/flora for more information and menu inspiration.

Tradition & Innovation

At PONS, we believe the best oils, vinegars, spices, and almonds aren't born overnight. They come from dedication and tinkering, while keeping one foot firmly rooted in tradition, and the other, pointed toward innovation.

Now fourth generation, we've been caring for and harvesting our carefully perfected products on our Spanish-based farms, as well as working with equally outstanding growers in local and neighboring regions, since 1945. All our products, from olive oils and vinegars to spices and almonds, are farm-to-bottle, shaker, and jar, and are a reflection of their original, just-picked, traceable form. So, no, our products weren't born overnight, but they were definitely born out of history, passion, and commitment.
