

Summer 2021 SPECIALTY PRODUCE PLANNER

Just in time for summer menu planning, we've put together a Summer Specialty Produce Planning Guide! Based on arrival dates from previous years and ETA's from our farm partners, these are our best predictions for arrivals. Ultimately Mother Nature is in control, so please keep in mind that items could arrive before or after projected time frame.

PLEASE NOTE: Timeframes and sources below are subject to change based on weather and other factors. Please check our website or contact you sales representative, for the latest information. www.baldorfood.com/summer
