## About Aurora Angus Beef

Family values are the cornerstone of our business and we strive to ensure these standards are reflected in the uncompromising quality of our products. We work closely in partnership with our Midwest farmers and producers to guarantee the finest Black Angus Beef, which is fully traceable from farm gate to the dinner plate. Our cattle are raised humanely in the Midwest and corn fed for exceptional flavor and tenderness. Livestock is sourced within 300 miles of our processing plant in Illinois, reducing animal stress and guaranteeing the best tasting beef. The experienced staff at our state-of-the-art processing plant hand select the finest choice and prime cuts which are rich in marbling and trimmed to perfection. This ensures our customers always get the same high quality eating experience every time.
