

BEHIVE CHEESE

Uintah, UT

Hand-rubbed, artisan cheese made
in Northern Utah.

About Beehive Cheese

Beehive Cheese company sources milk from Wade's Dairy. This 4th generation family dairy is owned and operated by Clint and Tara Wade. The dairy is ten miles northwest of Beehive Cheese nestled between the Weber River and the mineral-loaded marshy fields of the Great Salt Lake. Wade's Dairy produces high quality milk used solely for the purpose of cheesemaking. Resting on the principles of creating a caring, stress-free environment for their herd, they use modern dairying techniques to ensure their animals are healthy and thriving.
