New York, NY
Finest Quality Sausage.

About Esposito Sausage

Esposito's Finest Quality Sausage Products is a fresh sausage manufacturer with its manufacturing facility in Manhattan, NYC. We operate in the same Hell's Kitchen location we were founded in in 1933. As we enter our 85th year in business we are proud to have grown into the largest artisanal producer of fresh sausage in America while still staying true to our NYC roots. We produce pork, chicken and turkey sausages. All our small batch hand crafted sausages are blended with the care and quality you no longer find from the larger corporate packing houses. Esposito's is under daily USDA inspection and is proudly family owned and operated.
