If 3/4 of your drink is the mixer, mix it with the best

About Fever Tree

Co-Founders Charles and Tim, working in different parts of the drinks business, had both spotted that premium spirits were growing quickly, fueled by consumers' increasing awareness of the provenance of what they ate and drank. However, this growing interest in premium food and drink had seemed to neglect mixers, a crucial element of the drinks industry that remained flat. It struck them both as extraordinary that people were paying a good deal of money for a high-quality spirit, yet had no choice but drown it with a poor-quality mixer. Since they put the lid on our first bottle of our Premium Indian Tonic Water, they haven't wavered in their single-minded mission to bring quality, flavor and choice back to mixers. Innovation remains at the heart of Fever-Tree and they've developed a range of tonic waters that perfectly complement the varied flavor categories of gin.
