

GRADY'S COLD BREW

Brooklyn, NY
New Orleans Style Coffee.

About Grady's Cold Brew

A New Orleans-style coffee concentrate that's brewed and bottled by hand in Greenpoint, Brooklyn. Each batch is made by steeping a special blend of freshly roasted coffee, chicory, and spices in water overnight, then removing the grounds using a two-step filtration process. What's left? A bold, velvety-smooth liquid concentrate that can be mixed with milk or water—served over ice or steaming hot.
