Slush Mixes

About Kelvin Slush Co.

Kelvin Slush is an organic frozen cocktail and slush mix company founded by two former NYC attorneys. Their 'slushies for grown-ups' use only the highest quality ingredients and come in six sophisticated and unique flavors: Frosé (frozen rosé), Ginger, Margarita, Citrus and Tea. Chefs and bartenders can build on these base flavors with fruit purées, spirits and other mix-ins to produce refreshing, palate-zinging beverages or desserts.
