About Mary's

Mary's poultry is produced by Pitman Family Farms, a family-owned business that has been raising poultry for three generations. Don Pitman began raising poultry in 1954 and his family continues the tradition. The Pitman family knows the importance of sourcing healthy food and are certified non GMO and USDA organic. All of Mary's organic chicken is air chilled, has no antibiotics, no preservatives, no added hormones, gluten free, fed an organic vegetarian diet and certified GAP step 3. This allows for a greater quality and better chicken.
