## About Navy Hill

Navy Hill was born, predictably, at a bar. Out on the town, three friends found themselves in desperate need of a cocktail-delicious enough to save the day without the inevitable high calorie shame spiral. It had to be refreshing, easy to drink and the perfect complement to the balmy Virginia evening. Equal parts sweet and crisp. Equal parts indulgent and light. Equal parts club soda and tonic. When tonic is too much and soda just isn't enough, you need Navy Hill. The soda/tonic blend is crafted to complement your favorite liquor and offer a fresh alternative to everything else out there. We've infused our favorite flavors from nature and topped them off with electrolytes for good measure. Light. Crisp. Utterly refreshing.
