About New York Ravioli and Pasta Company

Paul Moncada and David Creo are two Italian-American boys that grew up together on Long Island. In their world, Sunday dinner was when families gathered around the table to talk, laugh and share a delicious home-cooked meal. During their college years the two worked in the same Italian restaurant and began their dream of starting a company to create boutique filled pastas that every family member could enjoy.

Featured Items

Unique filled pastas 100% natural, made with finest ingredients, include no additives or preservatives.
