Goshen, CT

Expertly Crafted Smoked Meats.

About Nodine's Smokehouse

Nodine's is a small family owned and operated smokehouse in the foothills of the charming New England Berkshires. From humble beginnings as a small, custom smokehouse in 1969, they have become a leading American manufacturer of gourmet smoked meat, poultry, fish and cheese. Nodine's uses only the finest, and highest quality, federally inspected ingredients. Their team of artisans hand craft all of their products in small batches.
