ACRES

Over 80 acres of land

About Norwich Meadows Farm

After working in the dairy division at Cornell Cooperative Extension for six years, Zaid Kurdieh and his wife decided to open their own certified organic farm 4-5 hours from New York city. What makes Norwich crops unique is a deep, essential, earthy flavor. The secret mix of organic micronutrients in their soil is why their crops taste "way different". As Zaid likes to say: we grow strictly for flavor, not for storage.
