100 Years of Experience.

About Sovena

Sovena is a 100% family owned company with 100 years of experience in fast moving consumer goods. We are involved in every step of the way - from the olive tree to the store shelf - and own tens of thousands of olive groves worldwide. We are structurally a sustainable company - We promote recycling of all materials in our factories and offices - this includes waste from the picking of the olive; We control water consumption using drop-by-drop irrigation systems; We produce around 75,000 tons of biodiesel per year; And we don't buy carbon credits to compensate emissions, we plant trees - more than 10 million olive trees already.
