

SUNKIST

Valencia, CA

We nurture. We share.

About Sunkist

Since 1893, we've been doing what we do best: growing citrus. That's 125 years of tending to groves and supporting growers out on the West Coast. So sure, you could say we've been around. You could also say we're the longest-standing agricultural co-op in the country. Because, well, we are.
