About Toufayan Bakeries

Since 1926, Toufayan Bakeries in Ridgefield, N.J., has been making high quality, authentic products. In addition to their pitas and other breads, they have added a Gluten Free line of wraps. They are moist and delicious, and every bit as pliable as their regular wraps. Every product that comes out of the Toufayan bakery is guaranteed to exceed expectations. An example is their whole wheat wraps which list whole-wheat flour as the first ingredient - but it is also the only grain variety found in the wraps, making them 100% whole wheat.
