About Simply Good Jars

At Simply Good Jars, we are on a mission to develop amazing products that are designed with goodness from the start. For us that means using high-quality ingredients, developing amazing recipes and embracing a sustainable business model that empowers everyday people to make real impact. Our founder + chef put immense thought into each recipe + invented a packaging technique that allows our salads to be fully mixed right inside the jar, in 12-seconds or less. (Jars are 6.5" tall x 3.5" wide).
