About Dufour Pastry Kitchens

About Dufour Pastry Kitchens When they opened for business in the 80's, DPK was one of the only women owned and operated companies in the food industry. They have been a Bronx, NY fixture since 2007 and have a staff of very loyal, long time employees. All of the hors d'oeuvres are made by hand in small batches, using only natural ingredients. In addition to their extensive line of savory finger foods, their award-winning Puff Pastry Sheets and Tart Shells are also available through Baldor
