Subject: Voluntary Recall – Baldor Fresh-Cut Celery Products

This notice replaces our 10/15 notice. Affected product is identified by the Best By dates below, regardless of delivery date.

To Our Valued Customer:

As a precaution, Baldor Specialty Foods is voluntarily recalling the fresh-cut celery products listed below, as they may contain small pieces of hard white plastic from processing equipment. We have removed that equipment from service, and these items, now produced using a different process, remain available to order.

Please do not use affected product, identified by the Best By dates in the table below. Set it aside for pickup with your next delivery, and let your sales representative know the number of cases so we can issue credit.

Item Code	Item Description	Brand	Affected: Best By on or before
